**Attachments**

- Please attach three student work samples associated with this lesson (required).
- Please attach any supporting files or resources (PowerPoint files, graphic organizers, and so on; encouraged but not required).

**Questions for Reflection**

1. What went especially well with this lesson, and why?
2. What lesson components would you refine when or if you deliver the lesson again?
3. How did (or could) the use of technology impact student engagement, delivery of content, or student performance associated with this lesson?
